CINTQOOP NETWORK MEETING 2021

The next network meeting will take place on 1st December 2021 from 9.00 am to 11.00 am with focus on

“An International Comparison of Sustainability and Digitalization”

We will hold the network meeting completely digitally. Due to positive feedback, the procedure will be similar to last year’s meeting and we look forward to welcoming regional and international representatives and key note speakers again.

CERTIFICATE MODULES

The two certificate programmes “International Project Management” and “Country Seminar: Doing Business in...” from last summer semesters will be continued in 2022 as well. Target groups are project managers who are professionally active in the international field and who would like to expand their education by acquiring scientifically based specialist expertise in a short course of study lasting one semester.

The price for certificate programmes 2022 will be 695€ and we are planning to implement a new certificate module “Corporate Learning and Innovation” in the near future.

BIELEFELD INTERNATIONAL CONFERENCE ON APPLIED BUSINESS (BICAB) 2022

Bielefeld University of Applied Sciences will be organizing an annual international conference, which will take place for the first time on 6th of May 2022 from 9.30 am to 4.30 pm with focus on **“Data driven decisions in enterprises - implications for business education and cases”**.

Data has always had a strategic value, but with the breadth of data available today and the ability to process it, it has become a new asset. The advent of Big Data is changing traditional management practices and inviting companies to adopt new visions.

The scope of this conference is to offer a hybrid platform where international academics as well as practitioners can discuss topics like solutions of AI/business analytics, forms of intelligent data preparation, or challenges and hurdles of data driven decision making.

CINTQOOP PROJECTMANAGEMENT

This summer the University Assembly elected new vice presidents. In the course of personnel reorganization, the departments were newly tailored. Since September 1st Prof. Dr. Natalie Bartholomäus, previously Vice Dean of the Department of Business, is the new Vice President Sustainability, People & Culture:

“Climate change and its impact on business, science and society is one of the key challenges we are facing today and in the future. I am looking forward to work on our contribution to a sustainable development. Still, I will remain part of the CintQoop team and foster sustainable solutions in international business and HR.”

Her term of office is four years and together with Prof. Dr. Riza Öztürk she will remain projectmanagement of CintQoop.
